

GB CUT MAGNETIC

magnetic pipe cutter

with Guide Band

Double Torch version

With two sets of internal magnetic rollers the GB CUT MAGNETIC can be used for parallel, vertical and downhill cutting. The robust aluminium body construction makes this unit both durable and easy to operate.

The magnetic absorbability force is over 50 kg assuring firm pipe attachment.

An optional steel guide belt ensures square cuts on diameters above 600mm.

Specification

Cutting range:	> 108mm diameter
Cutting thickness:	6 - 50mm
Cutting speed:	50 - 750 mm/min
Bevel angle:	0 - 45 degrees
Drive:	AC/DC geared motor
Power:	110 or 220V
Weight (body):	14.5 kgs
Weight (gross):	20 kgs
Dimensions:	350x310x280 mm
