PipeBench 170

PipeBench 170 is designed for use on renovation sites or jobs where high-productivity pipe cutting will significantly reduce your labor costs. Lightweight and easily portable from site to site or floor to floor, accessories attach quickly and securely to the bench. Each PipeBench 170 comes with a shoulder bag for transporting all your accessories and other tools.

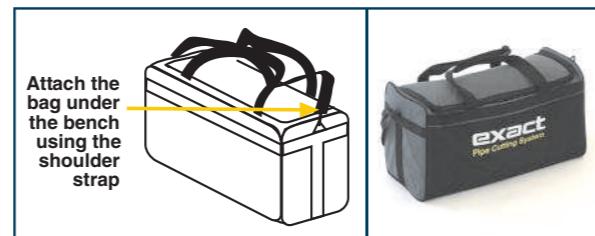

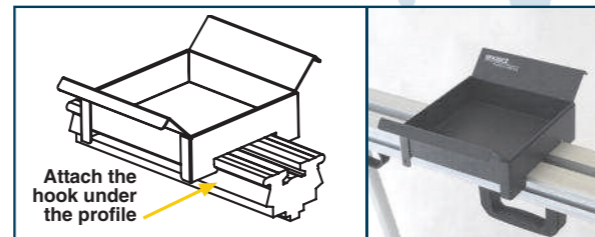

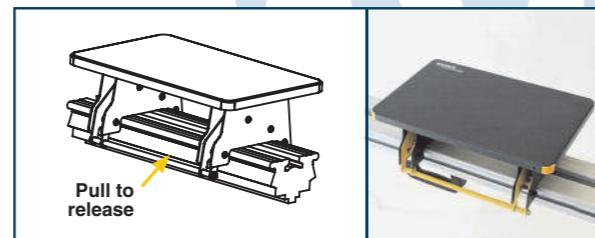

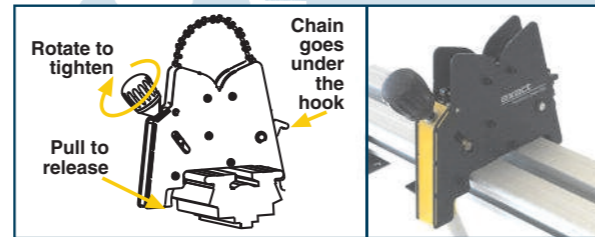

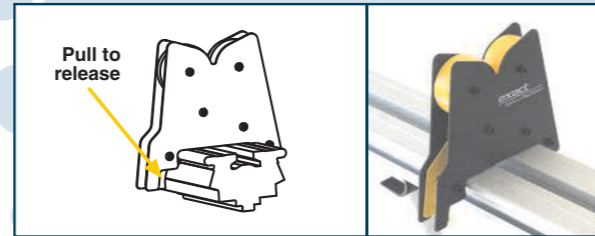

The Pipe Supports are easily adjusted to provide exact balance and roll for every cut. Cutting takes place in the middle of two pairs of rollers. Max OD = 6.7" (170mm).

The Chain Vice holds your pipe firmly in place when threading or welding is required. Max OD = 6.7" (170mm).

The Work Table is designed for multiple tasks and can also be drilled to mount your vice. Dim. 15.7" x 9.8" (400mm x 250mm).

The Chip Tray saves on clean up by collecting most of the chips from cutting and threading.

Our grab and go Tool Bag stores all the tools and accessories you'll need for any pipe cutting job.

Saw Holder holds Exact PipeCut Model #'s 170E & 220E.
