Z142038

Z142038 Our popular 142 Torch with the head manufactured to suit **tapered seating tips**. Suitable for any fuel gas
Note: Not universal mixing

- NOTE:**
- 1) All Propane Torches 624FL & 142F also operate on L.P.G. and Natural Gas.
 - 2) With Propane Torches, Heating Tips up to Size 3 (H623P) can be screwed onto a Torch. Meaning you can cut, gouge and heat just by changing the Tip.
 - 3) All Torches are fitted with Flashguards to enhance safety and add value.
